

Satellite C660

First choice for mobile computing essentials

Casing with less fingerprint sensitivity

Innovative Multi-Touch Control

Ergonomic flat keyboard

If you're looking for an affordable laptop with all the essentials, the stylish Satellite C660 gives you the most for your money. Inside its sleek slimline profile and robust textured casing is everything you need for a great mobile computing experience: powerful processing, up to 8GB RAM*, 640 GB HDD*, DVD Super Multi Drive and an excellent 39.6cm (15.6") Toshiba TruBrite® HD widescreen with LED backlighting. Ideal for e-mailing, communication and multimedia entertainment at home and on the go, the C660 is equipped to take you further. Its range of smart Toshiba EasyMedia features include a Multi-Card Reader, the Toshiba Media Controller for slicker video streaming and Toshiba LifeSpace to organise the data on your laptop easily. Coming in a choice of colours, it is your stunning all-rounder that offers unbeatable value!

HANDS-ON

New flat keyboard features a separate numeric keypad - plus the advanced gesture-based Touch Pad you'll find on Toshiba's flagship laptops.

FACE TO FACE

Enjoy online chatting via the integrated Web Camera*. Toshiba Face Recognition* enables instant log on without having to remember a password.

READY TO GO

Pre-installed software package including Toshiba Media Controller, Toshiba LifeSpace, Nero for simple disc burning and backup, a 30-day trial of McAfee Internet Security - plus the new Microsoft Office Starter 2010.

*depending on model and local availability

Toshiba recommends Windows 8.

Notebook Starter Kit

USB HDD 500 GB, 3.5", alu case

Wireless (RF) Mouse - optical, 2.4 GHz

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modeling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: www.computers.toshiba-europe.com and/or contact Toshiba Technical Support. - Graphics processor unit (GPU) performance may vary depending on product model, design configuration, applications, power management settings and features utilized. - Part of the main system memory may be used by the graphics system and therefore reduce the amount of main system memory available. - For PCs configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. - For information about upgrading your system memory please refer to the user manual or contact your local Toshiba service provider. - One GB means one billion bytes, accessible capacity may be less. - Wired and wireless communication capabilities to be applied in countries where approved. - Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at www.computers.toshiba-europe.com. - Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. - Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. - Please check your system specifications to ensure optimal results. - Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis. - Performance may vary depending on product model, configuration, video content/format/settings as well as the performance variations of individual hardware components. Results were achieved on select models and configurations tested by Toshiba at the time of publication.
