

HP COMPAQ 8510P NOTEBOOK PC

POWER PLUS PORTABILITY.
Intense graphics in a highly mobile design

HP recommends Windows Vista™ Business

A lightweight solution for heavy thinkers

The HP Compaq 8510p gives you exceptional graphics and performance in a powerful yet portable 15.4-inch diagonal widescreen notebook weighing only 6.1 lb/2.77 kg and as thin as 1.1 in/28 mm.

Experience your work in high definition

Work in a true 64-bit computing environment² with support for up to 4 GB of memory to run the most demanding applications. Next-generation graphics with DirectX 10 and Dual Link DVI support give you faster rendering capabilities and support (through optional docking) for ultra-high resolution monitors.

The optional Blu-ray DVD+/-RW SuperMulti DL Drive³ lets you play and burn high-definition content up to 50 GB (five times that of traditional DVDs) on a single Blu-Ray dual-layer disc. A convenient HDMI cable (sold separately) allows you to connect to high-definition TVs and displays.

Empower your business

Intel® Centrino® Pro¹⁰ processor technology helps reduce the total cost of operating and managing your PCs with built-in remote manageability and proactive security. Plus, compatibility with a range

of HP Universal Accessories gives you a fully outfitted business notebook.

Enjoy wireless in more places

Whether you're across the street or across the country, HP Broadband Wireless, ^{4,6} WLAN, and Bluetooth[®] technologies allow you to conveniently stay connected in more places.

HP Professional Innovations help you focus on your business

Built to protect. An array of multi-layered, customizable security solutions help defend your network, your applications, and your data. The new Drive Encryption for HP ProtectTools encrypts all information on the hard drive volume so it becomes unreadable to an unauthorized person.

Built to simplify. Boost your productivity while maximizing simplicity with features such as HP QuickLook. Quickly browse your email, calendars, and contact information with a touch of a button whether your PC is turned on or not.¹²

Built to last. Reliable features such as HP DuraKeys, HP DuraFinish, magnesium alloy display enclosure, and HP 3D DriveGuard help your notebook go the distance.

1. Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/capable.mspx for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor. 2. Dual Core is a new technology designed to improve performance of certain software. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel architecture requires a computer with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.mintel.com/info/em64t for more information 3. Do not copy copyright-protected materials. Intended for creation and storage of your original material and other lawful uses. Double Layer discs can store more data than single layer discs. Double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. LightScribe creates a monochrome image. LightScribe media required and sold separately. Note that DVD-RAM cannot read or write to 2.6 GB Single Sided/5.2 GB Double Sided – Version 1.0 media. 4. Wireless, Internet, and VoIP use requires separately purchased service contract. Check with service provider for availability and coverage in your area. Available in select countries only. 5. The specifications for the 802.11 n WLAN are draft specifications and are not final. If the final specifications differ from the dardf specifications, it may affect the ability of the PC to communicate with other 802.11 n WLAN devices. 6.
