

# HP EliteBook 8760w Mobile Workstation

Power to Perform

**Professional's dream. Generate intensive animation, multi-dimensional engineering plans and complex designs with this powerful HP EliteBook 8760w Mobile Workstation that's optimized for Genuine Windows 7 Professional. These mobile workstations boast expanded memory capacity and high-performing graphics.**

HP recommends Windows® 7.

---

### Equipped to get the job done

The 43,9 cm (17.3") diagonal HD+<sup>1</sup>, FHD<sup>1</sup> or DreamColor<sup>2</sup> display with processor capabilities and wireless functionality<sup>3</sup> culminate to meet your business needs.

### NEW chiseled design exudes power

No need to worry about bumps, drops or scuffs. The purposeful design of the HP EliteBooks translates into true business ruggedness. The gunmetal casing and military-grade testing<sup>4</sup> drop, vibration, dust, humidity, altitude and high temperature helps ensure your notebook can survive rough travels and harsh work locations.

### Workstation-caliber graphics

Maximize on-screen performance with your choice of ATI or NVIDIA's ISV-certified workstation graphics. See this video about how one architect used his HP Mobile Workstation.

Supporting up to 5 displays simultaneously, AMD Eyefinity Technology<sup>5</sup> delivers innovative, graphics display capabilities enabling users to group multiple displays together to form a large viewing surface or use them independently to see different data on various screens simultaneously.

HP Performance Advisor delivers a simple, effective, software wizard that takes you from initial configuration and customization through optimizing your system for each new application and driver you install.

### Consistent, accurate color

HP DreamColor<sup>2</sup> technology makes it easy to work in many different color spaces and ensure consistent color appearance from concept to design to production.

### Improve productivity and performance

Run more tasks, processes and applications simultaneously with a mobile workstation that brings together and optimizes multi-core processors, up to four SODIMMS<sup>6</sup> and professional graphics.

SRS Premium Sound delivers an audio experience for users listening to media rich content or presenting multimedia heavy presentations and for digital content creators listening to audio or surround sound the way it was meant to be heard.

## SPECIFICATIONS

## Accessories and Services

### HP Deluxe 4 Wheel Roller Case

The HP Deluxe 4 Wheel Roller is a durable nylon case designed to carry everything you need for an overnight trip. An outer compartment features divided sections to store important files and business essentials. The case's main compartment includes padded pockets that can hold a laptop up to 17.3-inches (43.93 cm) in size, plus additional cables and cords. The third, over-sized compartment provides plenty of room for a change of clothes, shoes and personal toiletries. A retractable handle locks in two convenient heights. The four wheels swivel and can rotate 360 degrees to enhance maneuverability, and allow the bag to be transported in a leaning or upright position.

Product number: XW576AA

### HP 230W Advanced Docking Station

Robust desktop replacement solution for your mobile office with advanced features for future expansion.

Product number: NZ223AA

### HP Display and Notebook Stand

The perfect home base for the business traveler who is constantly on the go - turn your HP Business Notebook into a desktop solution supporting up to two displays (notebook display plus external display). The adaptable design of the HP Adjustable Display Stand can accommodate a range of notebook sizes with the innovative adjustable shelf. This stand can also accommodate notebooks that can be connected to a docking station and notebooks that do not have a docking connector. Integrated base rollers let you rotate the stand so you can more easily share your work. A dual-hinged, smooth-motion display stand allows for greater depth, height and tilt adjustment for maximum comfort.

Product number: AW662AA

### HP Docking Station Cable Lock

The HP Docking Station Cable Lock is dramatically simpler to use than previous locks and delivers enhanced security. The HP Docking Station Cable Lock gives you two locking options: lock the docking station only (which also prevents access to the advanced docking stations drive bay) or lock both the docking station and the notebook.

Product number: AU656AA

### HP ST09 Extended Life Notebook Battery

The HP Extended Life Battery allows you to work longer hours away from a power outlet. The HP Extended Life battery offers the convenience of charging the battery while it is docked so there is no need to remove before docking. With the improved battery life, these battery is an ideal solution for the "corridor warrior" who requires extra battery life for all-day computing or long meetings.

Product number: QK639AA

### 3-year Next Business Day Onsite

Receive 3 years of next business day onsite repair from an HP-qualified technician for your computing device, if the issue cannot be solved remotely

Product number: U4414E
