

Enjoy amazing picture clarity with eco savings

- Enjoy Samsung's LED BLU Widescreen monitor
- Enhance colours with Mega Dynamic Contrast Ratio
- New eco saving features let you minimise waste
- Maximise your monitor use with Samsung Magic Angle

The Samsung LED Series 3 Monitor takes your favourite content, whether it's work or play, and gives it that extra brilliance which only LED can deliver. Also, the widescreen display is just perfect for immersing in your favourite multimedia and, with LED Clarity and Mega Dynamic Contrast Ratio, will add something extra to your viewing experience. The new Eco Saving features will also bring a new level of satisfaction to your experience; it allows you to determine how much energy is being used and lets you control what impact you have on the environment. Enjoy the extra power!

Upgrade to the next level with Mega Dynamic Contrast.

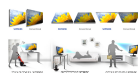

Experience amazing new levels of colour, brilliance and picture quality through the very latest in Mega Dynamic Contrast Ratio. Samsung SA300 monitors deliver images so real-to-life that it will transform your whole viewing experience. Packed with breathtaking 5000000:1 contrast ratio, the highest level currently available, the SA300 monitor ensures that blacks are at their absolute darkest and (with pristine whites) colours are at their brightest. You will immediately notice the crystal clear picture and its unbelievable intensity. It is like an explosion of colours and leaves other screens seeming dull in comparison. So, take your viewing pleasure to the next level with Samsung Mega Dynamic Contrast Ratio - and enjoy your multimedia content with the professionalism it deserves.

Control brightness, conserve energy.

Eco saving makes saving energy easy. It adjusts the brightness of your Samsung monitor based on how much energy you want to save. And with the choice of three energy saving modes (50%, 25% and Power Saving off), you can really tailor your monitor use to meet your own personal needs. Samsung's commitment to saving energy is designed to help both you and the environment, and with up to 50% saving on consumption, you can really make a positive impact on your eco footprint. Take the effort out of saving energy and take control with Eco saving.

See it your way with wider viewing angles.

How do you like to watch movies? Do you like lying down on the couch? Sitting in your favourite chair? Cooking or exercising? Whether you're standing, sitting or lying down, Samsung Magic Angle makes sure that the movie always takes centre stage and that you're always comfortable. This means, thanks to the 5-mode angle management, that whatever angle you watch your Samsung monitor, you will enjoy a full visual experience with amazing picture clarity. So, start seeing your favourite movies and other multimedia in total comfort and without limitations thanks to Magic Angle.
